

ANAND VIDYA VIHAR

C/14/29/06/2016

Dear Parents,

It is imperative to note that for any good school to function smoothly, changes for the better be adopted. World over, technology has taken the front seat and made matters simpler. When we introduced Flinnt (last academic year 2015-16) we had intimated all parents that, the said measure was being taken, keeping in sync with times. We gave the academic period as a preparatory time for parents to get acclimatised to the new change. Now it is time, to implement measures needed immediately.

We have received your inputs on the print matter related to Flinnt.

We have also drawn inputs from schools (across Vadodara) that use phone/PC based apps for paperless communication.

Keeping all aspects in purview i.e. regarding lack of printers at home and inadequacy of time for parents to take printouts, **we have decided to take prints needed for 'class work' at school.**

However for all revisional purposes, **where worksheets need not be brought back to school and parents may not need to print or may print as per their convenience, the app will be justifiably used.**

Kindly cooperate.

In charge Principal
