**C/42/15/09/2018**

Dear Parent,

It has been noticed that the Declaration Form in the diary is not being duly filled by parents. There are many fields that are left blank. The Declaration Form is designed to accommodate all data required by the school for routine administration.

Student data is required to be uploaded on Government of Gujarat's Sarva Shiksha Abhiyaan (SSA) Adhaar DISE Child Tracking system on <http://www.ssagujarat.org/>. This uploading has to be done for all schools in Gujarat. A unique ID will be generated for each student and this ID will be used for all events and ceremonies organised by Government of Gujarat.

Aadhaar number of student and Student/Parent Bank Account number are some of the fields mandatorily required on the portal. Hence you may give your bank account or child/ward's bank account details for the same.

Parents who have already filled in all details, may ignore this circular. The rest are being sent back to parents for necessary updation.

**Principal**
